Rule 7. FACSIMILE FILING.

- A. “Facsimile filing” means the facsimile transmission of a document to this court for filing with this court.
- B. A facsimile filing will only be accepted by this court in the case of an emergency writ.
- C. “Emergency writ” is defined as a situation where a trial court sets a return date that would otherwise bar a party from completing a timely filing with this court due to geographic distance from this office, or where the time frame is such that if the party could physically deliver the filing timely, the court would be burdened with undue time restraints in considering the application and rendering an order.
- D. *NO* facsimile filing will be accepted without prior contact with the clerk's office to advise the nature of the emergency, to request authority to proceed with the facsimile filing and to notify the Court of the approximate time of transmittal.
- E. A facsimile filing must be complete and in compliance with the Uniform Rules of the Courts of Appeal at the time of transmission.
- F. Once an application is received by facsimile, any response or opposition by opposing counsel may also be received by facsimile provided the opposing counsel complies with Subsection D of this Rule.
- G. A facsimile filing shall be accompanied by a cover sheet. The cover sheet shall be the first page transmitted and clearly identify the name, facsimile number, and voice telephone number of the sender. It should also identify the documents being transmitted by caption and matter and the number of pages. Any risk associated with the use of facsimile transmissions shall lie with the sender.
- H. Notwithstanding any provisions of law to the contrary, a signature produced by facsimile transmission will be treated as an original. A party who files a signed document by facsimile represents that the original physically signed document is in his

or her possession or control and can be made available for review as necessary for any subsequent challenge to authenticity.

- I. The filing fee, if applicable, and the service charge imposed by Subsection J of this Rule, accompanied by a copy of the facsimile filing cover sheet, shall be deposited in the U.S. mail to the court or delivered to the court no later than the day following the facsimile transmission. Non-receipt of payment will result in suspension of facsimile privileges, the striking of pleadings for which fees were not tendered, and any other penalty deemed appropriate within the discretion of the court.
- J. A service charge for a facsimile filing, to cover duplicating, operating and maintenance costs, is assessed as follows:
 - 1) Each document from 1 to 10 pages in length shall be assessed \$25.00.
 - 2) Each document in excess of 10 pages in length shall be assessed \$25.00 plus \$2.00 for each page in excess of 10 pages.

- B. Documents to be EFiled shall be saved in PDF format for uploading to the Court. Appendices and/or exhibit materials may be scanned for attachment if necessary, but in all instances, the scanned materials must be legible as required by the Uniform Rules.
- C. The size of any single document to be EFiled shall not exceed 175 megabytes.
- D. Except as otherwise provided by this Rule, all Uniform Rules relative to a document's content and format, except for provisions requiring binding, are applicable to documents to be EFiled.

- E. A document to be EFiled may contain hyperlinks to another part of the same document. No other hyperlinks are permitted.
- F. An EFiled document shall be considered the original filing.
- G. All documents to be EFiled shall include an electronic signature. "Electronic signature" means an electronic sound, symbol, or process attached to or logically associated with a document and executed or adopted by a person with the intent to sign the document.
- H. If the document is signed electronically by the person required to sign the document and the document is required to contain an affidavit by the Uniform Rules, in lieu of this affidavit, the signer shall include a declaration with the exact same contents and certifications required by affidavit. The signer shall be subject to contempt of court for a false declaration.
- I. The person uploading the document to EFile shall receive an acknowledgment email stating the document has been successfully uploaded to the Court's computer system.
- J. The timeliness of a document to be EFiled shall be based upon the time of completion of the document's upload to the Court's computer system, provided the document is accepted for filing by the clerk's office. A technical difficulty will not be taken into account by the clerk's office in the determination of timeliness of a document to be EFiled.
- K. Uploads completed on or before 11:59 p.m. Central Standard Time will be considered filed that day, provided the document is accepted for filing by the clerk's office. A party may presume the uploaded document will be filed unless the party is otherwise notified by the clerk's office.
- L. Uploaded documents are reviewed for compliance with court rules by the clerk's office during regular business hours.
- M. (1) Any party seeking relief regarding an EFiled issue that is attributable to the Court's computer system or procedures shall file a motion and proposed order requesting the relief, including review by the Court of an untimely filing because of a technical failure of the Court's computer system.

(2) A party may not be afforded relief for any delay or other problem attributable to the party's actions or use of the Court's computer system. If timeliness is of concern

to the party, and the party has not received an acknowledgement email stating the document has been successfully uploaded to the Court's computer system, the party should file a hard copy of the document in accordance with Uniform Rule 2-13.

N. The act of uploading a document for EFiled does not constitute notice to the Court that a writ application requesting expedited consideration of an emergency nature is to be filed. In this instance, the party shall contact the clerk's office via telephone at 225-382-3000 to notify the Court that the party intends to upload or has uploaded an emergency writ for EFiled.
